Release 3.10.0a0

Date 五月 20, 2020

This article explains the new features in Python 3.10, compared to 3.9.

For full details, see the changelog.

注解: Prerelease users should be aware that this document is currently in draft form. It will be updated substantially as Python 3.10 moves towards release, so it's worth checking back even after reading earlier versions.
